NOTES...

Dear Student:

Mahatma Gandhi said wisely: “**We** must be the change we wish to see in the world.” The Community Involvement Project is an important and interesting part of Secondary School Reform, a part that will challenge you to experience the deep and enduring satisfaction that comes from helping others. By participating for forty hours in the events and organizations of your community, you will develop civic responsibility and learn community values.

This Community Service Hours Manual was created with input from students, parents, teachers, administrators and trustees. It explains the roles, procedures and regulations of the project. You and your parents are advised to read the manual carefully, and choose your activities wisely. Ask questions at your school if you do not understand any idea in the manual.

The Upper Grand District School Board takes pride in preparing young people like yourself for the challenges that you will face in your future. We know that you will enjoy the time that you spend volunteering to help others. We know that the community will enjoy and benefit greatly from your zest and energy!

Sincerely,

Dr. Martha Rogers,
Director of Education

INSURANCE

The Upper Grand District School Board's liability insurance **will** protect the students and Community Sponsors for liability lawsuits for damages or injuries to a third party that may arise from the **student's** volunteer activities.

The Board's liability insurance does not cover negligence on behalf of the Community Sponsor's involvement in the program. Sponsors are responsible for ensuring that their own liability insurance is in place.

Students are not covered by the Workplace Safety & Insurance Board in the event of personal injury.

Parents/students are encouraged to purchase Student Accident Insurance, available in the school each September.

Boards of Education expect that Community Sponsors will provide students with safety instructions, safety equipment (if necessary), training and supervision.

PRIVACY

Personal information provided to the Upper Grand District School Board as part of the Community Involvement requirement is collected and stored in accordance with the Municipal Freedom of Information Act, and may be used for administrative and other purposes of the Board pursuant to the Act.

FREQUENTLY ASKED QUESTIONS

“Is there a deadline to complete my hours and submit proof of my activities?”

Yes, it is strongly recommended that you complete the 40 hours and submit proof **before** June 1 of your graduating year. Remember that activities need to be done outside of regular school time.

“I am acting in a local theatre production this fall. Can I count this time towards my community involvement requirement?”

No, students are not to credit the hours spent in their own **personal recreation**, but are to count activities done in a spirit of volunteerism and civic responsibility.

“Am I allowed to work for a business e.g. cleaning a laundromat or filing papers in an office?”

No, tasks that would normally be performed for wages by a person in the workplace are not acceptable. An exception would be if the work is done for a non-profit organization towards a specific activity (e.g. raising funds for the Humane Society).

“I would like to go door to door, soliciting for an organization I belong to. Can this time be counted towards my requirement?”

No, this type of activity is not advisable for several reasons such as personal safety and lack of supervision. There are usually a variety of other opportunities for you to support your favourite organization.

COMMUNITY INVOLVEMENT

WHO?

Each student entering high school in September 1999 and subsequent years will contribute 40 hours of Community Involvement as a component of the Ontario Secondary School Diploma (OSSD)

WHEN?

A student may complete the work any time during his/her years in a secondary school program. The work must be done outside normal instructional hours, such as on lunch hours, before or after school, on weekends and on school holidays. Students are recommended to complete as many hours as possible during their grade 9 and 10 years, as increased academic pressures in senior grades may limit the amount of time they can devote toward these activities.

WHERE?

A student may work in a variety of settings, including not-for-profit organizations, public sector institutions (including hospitals) and informal settings.

WHY?

- Students develop an awareness and understanding of civic responsibility.
- Students play a role in improving and strengthening their communities.
- Students develop confidence, self-esteem and compassion.
- Students complete a compulsory part of the diploma requirements.

HOW?

Plan Ahead

- In grade 7 and 8, each student is informed about the Community Involvement requirement. A student, in collaboration with parent(s) will discuss the Community Involvement requirement. A student may use his/her Annual Education Plan to identify possible activities to undertake. **Students can now start accumulating community involvement hours in the summer before they enter grade 9.**

INELIGIBLE ACTIVITIES

According to Policy/Program Memorandum (PPM) No. 124, an ineligible activity is one that:

- × is a requirement of a class or course in which the student is enrolled (e.g. Co-operative Education, job shadowing)
- × takes place during the time allotted for the instructional program on a school day. However, an activity that takes place during the student's lunch breaks or "spare" is permissible.
- × takes place in a logging or mining environment (if the student is under sixteen years of age)
- × takes place in a factory (if the student is under fifteen years of age)
- × takes place in a workplace other than a factory (if the student is under fourteen years of age, and is not accompanied by an adult)
- × would normally be performed for wages by a person in the workplace
- × involves the operation of a vehicle, power tools, or scaffolding
- × involves the administration of any type or form of medication or medical procedure to other persons
- × involves the handling of substances classed as "designated substances" under the Occupational Health and Safety Act
- × requires the knowledge of a tradesperson whose trade is regulated by the provincial government
- × involves banking or the handling of securities, or the handling of jewellery, works of art, antiques or other valuables
- × consists of duties normally performed in the home (i.e. daily chores) or personal recreation activities
- × involves a court-ordered program (e.g. community-service program for young offenders, probationary program)

The Upper Grand District School Board has determined that the following are also ineligible activities, in addition to those that the Ministry has declared ineligible:

- × any activity that causes a student to contravene his/her school code of conduct.
- × association with any organization that does not meet the ethical and legal standards, policies, procedures and regulations of both the Ministry of Education and the Upper Grand District School Board.
- × any activity that provides direct financial benefit or gain to the student or the student's family.

HOW? (continued...)

Create a Plan

Each student under the age of eighteen will plan and select activities in consultation with parents/guardians, selecting activities from the list of eligible activities and avoiding ones from the Ministry or the Board ineligible lists. Selection of activities should take into account the age, maturity and ability of the student, the location and environment of the proposed activity and the need for any special training and preparation.

IF a student wishes to participate in an activity or event that is not clearly within the Board's set of examples, and does not conform to the principles set out in this Information Manual, he/she must discuss this activity with the school Principal and get his/her signature **BEFORE** proceeding. In some cases, the Principal may forward the request to a Supervisory Officer of the Board for a decision as to the suitability of the task.

Work Hard

Each student provides the Community Sponsor with this Information Manual and completes work with enthusiasm, respect for others, and punctuality.

Keep a Record

Each student maintains a record of the Community Involvement activity, ensuring that the Community Involvement Activity Notification and Completion form is correct and signed by a parent/guardian, and the Community Sponsor(s).

Report the Hours

When a student submits the documentation attesting to the completion of the Community Involvement requirement, the Principal or designate will decide whether the student has met the requirements of both the Ministry and the Board. The Principal is responsible for ensuring that the completed hours are entered on a student's official transcript, the OST.
